ACCESSORY

AMARU Viktor – Ozone decontaminator

Ozone decontamination for the chamber, trays and room, without chemicals. The ozone breaks down to oxygen, so there is no residue to rinse off.

TYPE	PRICE (FROM, EX-VAT)
Ozone decontaminator	€350

Why choose Viktor

- ✓ **Kills bacteria, mould and odours**: Ozone oxidises microorganisms on contact, preventing cross-contamination between runs.
- ✓ **Cleans more than the chamber**: One unit sanitises storage rooms, kitchens, cold rooms and transport containers too.
- ✓ **Operate safely**: Run in an unoccupied, ventilated room; ozone clears back to oxygen before re-entry.
- ✓ **No chemicals, no residue**: Replaces sprays and wipes; nothing to rinse, nothing left on food-contact surfaces.
- ✓ **Simple to run**: Start it after a cycle and let it work; equipment and workspace are ready for the next batch.
